We have ranched a time when all equoretunities for reducing cost must be watched, and the manufactures who fails to do so is ap to be left."— Shes and Leather Facts. **They Deriv Live in Tenson Houses.** A young woman who, as the particle have life administering to the physical and spiritual wants of the poor people in her particle, has a hopful view of the future of the Germa immigrants, among whom nearly all her work is done. She says

whom nearly all bet work is none. Sue asys: As soon as the children learn to speak and be the pick of a Marena lidea, and be the pick of a Marena lidea, prior manifests itself. A carrious indica-tion of this is that none of the English speaking young people will admit that they live is thement houses. If you ask they live is thement houses, if you ask home is in a flat house, while a few have reached a pitch or reinsement where the dingy old buildings become apartment houses.

Lineace. If you wont into some of the homes, through the dark halls and up four or five flights of rickety stars, you might ask yourself what a tensment house real-lyst. The stars of the stars of the star of the stars Eases and Ludlow strets live in most ment houses. This pride may be false, but it is akin to ambition, and will make gread American men and women of the gread-hildren of the immigrants.—New York Tribune.

William Fleree of Mesois and grand, and more and meson and women of the grandchildren of the immigrants—New York Tribune.
John Drege & Co. second a lydor restering the second of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of the immigrants—New York Theorem Control of the grandchildren of th

Chronical Transmet of Tartery Hand. Superintendents of factoria would down well to regard attentively the regime which exists in a wool spinning mill in Norway. All the unmarried hands, both make and female, are engaged for a faced the work and the unmarried hands holding and a large diming room, where the em-opyer and employed dime together. Marsanil Wartu III 'Cominar science Boys, Keep Away from Africa. Two or three works ago three young men each having over \$1,000 in each Afont a day of Africa to each re-odived from boys referring to the each ent and ashing for advice or informa-tion. Had the three young men set out for an idid a saylum, calculating to ask to be taken in and cared for during the remainder of their lives, they would to be taken in anl cared for during the remainder of their lives, they would have exhibited more common sense. Africa is not a country where every Tom, Dick and Harry can go reaming shout at will. All the seapouts are in the hands of Egyptians, Moors, French, Germans or English. Any one has a legal right to land, but not every one has a legal right to ga callivanting

a legal right and the country. stanley had to have the backing of

Stanley had to have the backing of two governments locallo hints do so. A correspondent of The New York work beyond certain boundaries. A young man who has no better sense than to set out on such an expedition ought to have a guardini, and that guardian ought to have logi permission to tan his jacket ten times a day—M Quel in Dervid Free Press. Who Will Be the Next Pope? is stated that the French and Span

It is

It will be the Next Paper It will be the Sear Paper In a summing the the French and Span-inkion of Cardinal Zirlian as the suc-cessor to Leo XIII. The general feeling is that at the next conclave the election of a forcing poper is impracticable, the only available non-Italian members of the structure of the search of the search dinal Gibbons. It is not likely, how-ever, that elither of these will emerge as the successor of Leo XIII. The nomination of Cardinal Zigliara, who is a Dominican monk, is not allo-gheter unitely. He is a naive of Gor-ters of naturalization as subject of the search of the search of the search of great learning and quite outside all po-licial questions. It have reason to be

ters of naturalization as a subject of the ex-Pontifical states. He is a man of great learning and quite outside all po-litical questions. I have reason to be-lieve that if the pope diel to-morrow Cardinal Zigliara would be sure of near-ly forty votes. His only opponents would be the J-suita, whose nominee is Cardi-nal Monaco Ia Valetta.—Paris Cor. Jon-If rolly votes. His only opponents would be the J-suits, whose nonlines is Carli-nal Monaco la Valetta — Paris Cor. Lon-don Chronick. To Come Nearer. It is gratifying to observe that the business men of Doston are disposed to time by rall between this circle and Near York. The members of the Executive Neares of the Executive Section of the Section Sectio

time by rall between this city and New York. The members of the Executive Business association have discussed the question, and have come to the very sen-with conclusion that the public interests of the city demand a better service, and the service of the service of the second the and the service of the second the rallwads concerting the two cities.² No one who has studied the conditions unvolved, and who knows of the vo cities.² No one who has studied the conditions the modern rallway is capable, will doubt the A new the oxisting lines to reduce the time of the journey by express trains from six hours to fave, and there is no from six hours to fave, and there is no Boston Post.

One Vote. It is fifty-one years since one vote de-cided that Marcus Morton, and not Ed-ward Everett, should rown in add on a candidate for office thritenen mocessive years when he was chosen by thismeager majority. The state cast just a triffe over 100,000 ordes at that election. Two

years when he was chosen by this meager majority. The state cast just a triffe even 10, 800 votes at that election. Two over 10, 800 votes at that election. Two over nor by one majority a second line. This one majority was, however, then in the legislature, the people having made no choice. These occurrences were very temarkable. They are called to mind by Tenth aldermanic district of Boston-Boston Herald. For the second provide the second factor of the maxles with our second the entry of the maxles of the second theres to every max who carries a metal topped cane or nubrella, is being treated by Dr. Heary R. Bobinson, of this city. It is a sore of the hand, caused the maxles with the sore has affected equinat the pain. In the case of Dr. Bobinson's patient, the sore has affected with a handle intered of a knob is the proper thing. "New York Takgrum. A Ginavi tangenetable Chagrin.

Giant's Insupportable Chagrin.

A Giant's insupportable Chaprin. Harry Baldwin, a negro, weighing 300 nunds, shot himself through the head occuly. He had got into a quarrel ith a little-chap, who pounded him un-tercifully. Baldwin took it so much to eart that he went house and promptly illed himself.—Wickita Cor. St. Louis labe.Democrat.
