TUESDAY, FEBRUARY 17, 1891.

TUESDAY, FEERUARY 17, 1891. CLEVELAND'S LETTER. We are bound to admits the spirit of Mr. Hyde's article on Cleveland's sliver coinsge latter. There is nothing dog-matic or illiberal shoult is the spirit of the state of the second state of the second This is the toierant, eathold, patricite the state of the second state of the second pathic questions should be discussed. This is the toierant, eathold, patricite the state of the second state of the second pathic questions should be discussed. This is the toierant, eathold, patricite the second state of the second state of the should be second to the second state of the the second state of the second state of the spontiment to the Demorsts of Michi-gan, at least, and we judge from what we see in the newspapers that it was and South. If this latter is to be ac-cepted as Mr. Cleveland's absolute con-calisant arguing at the free coinage of the ter, no more and no leas, it means that be exampt be the calculate of the Demon Mr. Hyde is certainly mitsken in myr-poins that any slow flow has wereked

stic party in 1802 and be elected. We Hyde is cortainly minisken in sup-ting that any silver lobby has worked this silver sexutuation of the West and this. All industrial elements in these userial organizations will be heard sking for this ensember in the Narth I East as positively as the bankers capitalists are now heard against it. are is no reason why the industrial is for calls or all sections as are the if or calls or all sections starts. class of all sections against it.

or class of all sections against it. would not have any rash or pro-te action on this silver question. Is absolutely impossible because isstion has been discussed exhaust-in all its phases for years. The lactics against free silver has been tactics against free silver has been red to since the discovery of its de-silvation aroused a demand for its nestration. There is no reason in is altogather prophecies of evil to t from free silver coinage and yet step taken toward free coinage of siver has completely refuted these dole-ful predictions of a silver basis, the flight

redictions of a silver basis, the fight (a, contraction producing panic. erg day is proving more and more reak meessity of a larger volume oney. If this is not provided for e congress adjourns there is no g what will happen before congress . A money panic on Wall street, plated by stock gambiers, with ao us in the treasury for rapid dis-mont may lead to a general panic warn the money power now that it better consent to a reasonableer. Detter consent to a reasonable ex-ion of the currency to ward off atened business ruin, for just as as such a misfortune befalls the thry under present financial legisla-there will be no let up by the cur-y reformers until a sufficient volume remey reformers until a sufficient volume of money solely issued by the govern-ment has been secured, and if it can not be paid out in any other way and hos-estly put in circulation the laad loan scheme of Senator Stanford would likely be adopted.

JACKSON'S SERMON. sermons as that delive

Such sermons as that delivered by Rev. Dr. Jackson on "Darkest Africa and Darkest Eogland" are timely. It is especially "desirable that the pulpit should thunder against "Darkest Amer-tos," Misery and poverty are abroad in bolh eity and country to such an extent that they are a reproach to our institu-tions.

the cause of the deplorable cond the laboring masses the clergy ok farther than the saloon; in-nice causes a great deal of hun-e and coid in unhappy homes, ond these in most instances is

AT the bottom of this is the money settion. Money stimulates exchanges, mey gives employment. The volume mody measures values. The volume and I want him to get a good impression money measures values. The volume and I want him to get a good impression money measures values. The under the start of the dollars. Development is faily employed at re-perative prices there is less ulsary, vice, less crime, less inasity. Provention the volume value sides, less drunkenness, Prosperity the work of the the the start of the dollars.

suicides, less financity, less alis the work of the church and tends to beautify the home. Before prosperity is the norm of the church and tends Before prosperity is the money que-tion. The citery should study the study the set of any melcine call on us and the noor gainst the millionaires. We not set of the the set of the poor against the millionaires.

ANOTHER mutder has been committed by a fool who didn't know it was loaded.

by a fool who didu't know it was loaded. There is too much of this thind of thisg going on. It is setting too frequent to accepted as an excess for know it is a set of the lish bart to show down another and then say it was only a join, he really didn't know it was haded. All such kit-ling should be defined to be manslaught-er, and let everyboly take the conse-quence who may thick it is foury to point a gun or a ristic at another.

It was only by a small chance that the city was not disgraced by a murdor or two in a drunken brawl Sunday. The two men who encayed in a murderous fight were drunk, and the whisky infur-lated each man from a reasonable to a low down brutal condition. Where did tow down brutal condition. r or The
