THE BIG WHY.

Why It Will Help Instead of Hinder the Revolt.

A GREAT HARVEST A CURSE.

Made So by the Infamous Conspiracy of Capitalists—Combining to Make the Farmer Sell His Crops for Less Than the Price of Raising—The South Red for a New Party.

The managers of the old party machines are telling the country that one big crop in the west and south will make an end of the political revolt now raging.

There is a good reason for this. The independent sentiment among the masses, which is now bursting into a sudden conflagration.

Of course it means the destruction of the Democratic party in the south.

The movement promises to become immediately universal in that section that revolt.

What is an Index? EDITOR MORNING PRESS—What's your definition of a standard authority. He says it is believing in the authority of the Scriptures and of those 'Scriptures' as 'anything written, chiefly the Old and New Testaments.' The History of the Bold Robbery Laid on the Government's Responsibility, but Refuse to Rectify the Evil. (Copyright, 1891, by the Reform Press News Association, New York.) The silver question is one about which there is just now an immense amount of talk, but, generally speaking, the discussion is based on limited information. The little known history of the silver—of the shameful history—the demoralization of silver in this country since 1873, is a record which every man should study.

age, weights and measures, who reported the original bill, were faithful and able, and rendered the revision closely; that as their organ I reported it that it contained provisions for both the standard silver dollar and the trade dollar. Never having heard till long time after its enactment into a law of the substitution in the senate of the section which provided for the standard dollar, I profess to know nothing of its history, but I am prepared to say that in all the legislation of this country there is no mystery equal to the demoralization of the standard silver dollar of the United States. I have never found a man who could tell how it came about or why.

Now you ask nice little bits of the criminals' law out of prison, if they believe the Bible, and the only way to do it, I am speaking now of European and American. You ask nice little bits of the active business men and women of our country, the striking and wide awake people of the world, in nearly all the vocations of life, and they will have answers ready, according to the person who asks, and the chances of how the answer will affect their business. To the trusted friend, to whom the innocent people of the world, in nearly all the vocations of life, and they will have answers ready, according to the person who asks, and the chances of how the answer will affect their business.

By the government. In 1873 an act was passed by congress which deprived the people of the money standard of the country. This act was "An act revising and amending the laws relative to the mints, and the coinage of the United States." That part of the act which demoralized and debased silver, and made gold the single money standard was foisted on the people in a way which has never been understood except by a few money motives for enacting such a law were as dark as the methods by which it was passed.

The bill as passed by the house provided for the coinage of the standard silver dollar, and the only way in which it was "doctored" while in the hands of the senate finance committee, of which Senator John Sherman was chairman, and when the bill became a law silver was demoralized.

After the fact was established that there had been a mistake or an outrage fraud the Republican party refused to rectify it. In fact, that party struck the measure out of the platform and fraud in operation. The leaders and organs of the Democratic party are making a great furor over this fact. They point to the fact that the members of their party in congress failed to re-establish the free and unlimited coinage of silver, and point to the fact that the state platforms have free coinage plans.

memorial opposing lottery schemes. This memorial has been presented in congress and printed in the Record, in receiving only passing notice. News comes from an official source in Louisiana, however, that the Alliance has taken up the fight against the lottery. It is determined to stamp out the evil. The fight is on in earnest.

The Wisconsin State Alliance met last week. President Polk, of the N. F. A. and I. U. was present. The Wisconsin Alliance, which is a part of the National Open Alliance, has 370 sub-alliances, with a membership of 8,900, 4,000 of which were enrolled during the past twelve months. The question of uniting with the National Farmers' Alliance and Industrial Union was one of the features of the meeting, and the prevailing sentiment was in favor of such union. The matter will be referred to the sub-organizations and when they shall decide on the union Wisconsin will be represented at the next national meeting.

The states of Delaware and New Jersey are about ready for organization into the Alliance. Steps are being taken to that end, and when the full long list of Alliance states within the next two months.

President Polk has left his Washington office and taken the field for the purpose of disseminating Alliance principles, and with a hope of strengthening the organization. He will be in the field continuously in the middle of August, and before the first of next November he will have visited and spoken in nearly every state in the Union. H. W. AYER.

TEACHERS INSTITUTE

The Kent County Meeting Opened July 7.

To the Public—The State Teachers Institute for Kent County will be held in this city, commencing at 10 o'clock a. m. Monday, July 10, and closing at 4 p. m. Friday, July 14.

The instruction received at these institutes is being very generally recognized by teachers and school officials. As a rule, it has been the experience of county educators and other examining officers that the most successful teachers are those who have availed themselves of the normal instruction offered by these local institutes. The faculty attending the institute for this year, as heretofore, are devoted exclusively to topics of special interest to the teachers, and are given persons of extended practical experience as teachers and who have had a special study of the subjects. The evening lectures will be of a popular character. The institute law allows teachers, whose schools are in session at the time appointed for the county institute, held under the direction of the state superintendent, to attend the institute for as many half-days as they desire, and to receive credit for the same. This provision of law and the fact that there is no enrollment or tuition fee exacted should insure the attendance of every teacher in the county. The institute is a truly professional spirit. Full particulars regard to board, etc., may be obtained upon application to the institute.

TO CLEAR UP A SHOOTER

A complaint in chancery was filed yesterday in the Circuit court by Frank C. Hammermeckel, making Henry Schmitt defendant in a suit to clear up the title to a lot in Section 31 of Turner's addition to the city. The complaint sets up that by a series of conveyances the property came to Henry Schmitt, the defendant; that the defendant deeded the property to one Pleasant who then conveyed the property to the complainant; that by some means the deed was lost and the present suit is to force Schmitt to execute a quit claim of the property.

MUSIC AND DRAMA.

Owing to the threatened rain a rather small audience attended the opening engagement of the Kendall Weston Comedy company at Powers' last night. The play, "The House of the Dead," opened the performance, which was followed by "A Box of Monkeys," which were well received. The company will play specialties. The company, with a very few exceptions, is of the first order of talent and will give a most interesting and enjoyable performance.

This evening "A Happy Fall," "My Mother's Will" and "Withered Leaves" will be presented. A full house should greet this really credible company. Tomorrow evening the company will conclude with "Withered Leaves" and "A Box of Monkeys."

Yesterday closed the Michigan Music Festival at the Grand Rapids Hotel. In the morning L. W. Mason, of Boston, read an essay on "Music in the Public Schools," which was followed by a discussion led by Mrs. J. J. Thomas, of Detroit; Professor Shepard, of this city, and J. A. Miller, of Olivet. N. J. Conroy, of this city, read a paper on "The Development of Music in the Public Schools."

In the afternoon a grand concert closed the highly successful festival.

CHARGED WITH DEADLY ASSAULT

John Murray was charged with deadly assault on the person of J. P. Dyer by Deputy Sheriff Vandermeulen on a charge of deadly assault. Murray and a companion, it seems, went down to the farm with the car. Murray had an acquaintance with Boyd's man. The man, it seems, treated Murray and his companion in a very rough manner. Murray and his companion were in the car when they insisted on drinking it. It all up the hired man objected. A fight followed in which Murray and his companion were roughly handled. Murray was ejected from the car and he was left to step in his own blood, but by his skillful management since the car was in the street and the following results he has gotten to the front in spite of the efforts to do so. The man who was in the car at the time of the assault, amounting to \$40,000, all paid up. His present friends due to the assistance of James Blair, Grand Rapids, who took an interest in Mr. Dyer, as soon as he was hauled through his past record.
