DEFENDS MRS. BLAINE

THE SECRETARY MAKES A STATEMENT ABOUT THE DEFENSE CASE.

Mrs. Blaine Responsible for the School Boy's Unfortunate Marriage and the Mother; In-Law Not Responsible for the Separation—The Minister Convinced.

WASHINGTON, Feb. 28.—Secretary Blaine tonight gave to the press a statement of his own signature regarding the separation of James G. Blaine Jr., and his wife. The secretary says they have been divorced by mutual consent and a scandalous attack that pleased the press and the now divorced wife to inspire. The one person aimed at more than any other he says, was Mrs. Blaine, and they have perhaps been said in all her life to be the public discussion of private affairs, and to permit so much calumny to go unanswred.

The last outrage, the statement says, embodied in the decision to remain divorced makes it impossible to remain divorced. The statement then summarizes the incidents, marriage and those leading to the separation and the relation and decision of Mrs. Blaine from his school books. He denies that Mrs. Blaine broke up their marriage relation and decided to marry the wife received uniform kind treatment and that his son was entirely free to take any course he pleased.

On the day of his wife's departure the son was as strongly determined as on any other day to remain with his mother. Relations with her. He does not hold his son blameless, but considers him a more reliable man than his father and says Mrs. Blaine at no time attempted to separate them. On the contrary she endeavored to foster in every way their happiness.

ATKINSD BY A WILD CAT. Three Straggle of a Connecticut Couple in the Den.

NORTH LYONS, Conn., Feb. 28.—Chas. Cables and Miss Almira Doss were returning from religious services in the Canby district school house. The road for a short distance ran through a swamp and a ditch crossed the road. The moon shone brightly and the young pair were going about as usual when they were startled by a peculiar whining noise from a cluster of alders and the next instant Miss Doss was seized by a wild cat that sprang upon her back from a tree.

Cables kicked the animal in the side and knocked it into the gutter, but it was at his instantly and set its teeth and claws into his leg. Cables in a powerful and gradual manner, he pulled both hands to tear it away from his leg and dashed it to the ground. The beast leaped to its feet and sprang at Cables with redoubled fury. The cat began chewing his right arm, while with its teeth in his hand.

The man struck his head against a kind of frozen mud and fell upon his back, and a wild cat sprang at him from a distance and with its mouth open as if to seize him. Cables kicked the animal on his side and sheathed his teeth with his hands.

AN UNNATURAL FATHER.

Knives Awa. His Sons' Wife and Trial to the Grand Jury.

JONIA, Feb. 28.—Theodore F. Bonney, who was charged with committing an assault on his 3-year-old daughter, was yesterday discharged. The case has been referred to the grand jury for a rigorous and unnatural charge and the manner of making the complaint, which was sworn to by Bonney's own father and which, if true, formed one of the most revolting tales of depravity and cruelty every heard of in Iowa county.

At the examination before Justice Curry, the facts as they are came out and young Bonney was exonerated, the evidence against him being so meagre and contradictory that it was apparent that the whole thing was a trumped up and most horribly outrageous plot to get rid of the young man, and the father gave unwilling testimony that showed that he was at the bottom of it.

About four years ago Bonney was married, being less than 20 years of age. He took his wife to his father's home where he lived. The woman was somewhat of a beauty and very young and very young man, having no friends, was sent to jail. His mother was present at the wedding and she was very angry and then the conduct of the father and young Bonney's wife became more and more unbecoming and she was at one time threatened to take the matter into her own hands.

The father admitted on the witness stand and said that he took his wife to the home of his father and she was very angry and then the conduct of the father and young Bonney's wife became more and more unbecoming and she was at one time threatened to take the matter into her own hands.

At first public opinion was very much against the young man, but gradually as the facts came out the neighbors saw that it might be a conspiracy on the part of the old man to get rid of his son. The sentiment changed and where before he had but few friends, now he has many, in fact many of the neighbors have taken a description party to raise money to defend him with his father and his wife.

The court room was packed and the judge had great difficulty in keeping order. The young man's father and mother were present and the father and mother were present and the father and mother were present.

Members of the Faculty Report that He is Much Better. NEW YORK, Feb. 28.—Members of the faculty of the University of Chicago today reported that he is able to get to Texas, near El Paso, and rest for two or three weeks.

Backs in Not Willing. NEW YORK, Feb. 27.—Rumors have been current here today to the effect that Senator Bill was about to marry one of the daughters of a wealthy merchant of Albany. A dispatch from the senator at Albany this evening however, entirely kills this idle morsel of gossip. He is in Albany and has no idea of getting married but he has not seen the lady referred to since her father's death.

Commented the Blaine. CHICAGO, Feb. 28.—A demonstrative crowd of Germans assembled at 27th Street Turner hall this afternoon to listen to speeches upon the recent riots in the city of Chicago. The speaker was made and Emperor William received a score.

AMATEUR PHOTOGRAPHERS.

Mr. Bain Proposes an Exhibit at the World's Fair.

ST. LOUIS, Feb. 28.—Robert E. M. Bain, one of the best known amateur photographers in the country, and the president of the Amateur Photographers' club has issued a call to the members of the United States to enter in making an exhibition of their work at the World's fair at Chicago. Mr. Bain says that it will be only necessary to take the matter in hand and announce their willingness to handle and arrange the display from their states.

BRIGGS IN THE SOUTH.

HE WRITES OF A TRIP FROM ATLANTA TO JACKSONVILLE.

Optical Evidence of Depression in Farming—A Trip to the South—A Fairly Good Season—Crowding the Whites—Peculiar Religious Services.

JACKSONVILLE, Feb. 18.—(Special Correspondence.) From Atlanta to Jacksonville it is 325 miles and in all that distance one is never out of sight of pine trees, and very much of the way is through pine forests—not thick, heavy forests like Michigan, but an open forest of rather small trees. From Atlanta to Macon the railroad passes through what seems to be a fair farming country, although there are no fences and the land seems to be much worn. Some peach orchards are seen here and there, but the land is largely used for cotton. Between Macon and Albany there are thousands of acres of land that has been cultivated until worn out and then abandoned, and now growing up to dense grass and weeds.

At first public opinion was very much against the young man, but gradually as the facts came out the neighbors saw that it might be a conspiracy on the part of the old man to get rid of his son. The sentiment changed and where before he had but few friends, now he has many, in fact many of the neighbors have taken a description party to raise money to defend him with his father and his wife.

THE THEATERS.

'The Power of the Press' will pass muster tonight for the first time before the patrons of Powers' opera house.

WASHINGTON, Feb. 28.—As the result of an informal talk between the three directors of the opera house, Messrs. Greer, Messrs. Cramer and McMillan, a determination has been reached to bring in a special order on the silver question. It has been determined to make the bill fund revenue bill a special order for March 21 or 22, though this date may possibly be changed. The purpose is to give the bill four days for consideration in the house. Within this time the bill is to be debated and brought to a vote.

THE SPRING CAMPAIGN First Ward People's Party Club There will be a special meeting of the People's Party club in the First ward (speaking in the Holland and English languages), at Van der Sloep's hall, corner Grandville avenue and Goodrich Street, at 8 o'clock Tuesday evening, March 1. The object is to approve the action taken by the different reform organizations of the country at the St. Louis convention held Feb. 22, 1932, and to rally the platform then and there adopted.

The English speaking citizens who wish to attend and act with the People's party in the coming municipal election will have an opportunity to join the Citizens Alliance in order that their vote will be added in the ward caucus and city convention. Old party professional politicians, unscrupulous and wire pulling precincts, however, will find it advisable to keep on the shady side, as an undesirable record will certainly lead to a mortification through the ballot for election.

Chairman People's Party Club, E. DeVries, Cor. Sec.

Sixth Ward People's Party Club There will be a special meeting of the People's Party club in the Sixth ward at their hall, 312 West Leonard street, at 8 o'clock this evening. The object is to approve the action taken by the different reform organizations of the country at the St. Louis convention held Feb. 22, 1932, and to rally the platform then and there adopted. A full attendance is urgently requested.

Chairman People's Party Club, J. DOLL, Cor. Sec.

A DECIDED SUCCESS The Gospel Temperance Meeting in Good Templars' hall Sunday afternoon. The Gospel Temperance meeting held at Good Templars' hall Sunday afternoon was a very interesting one, and notwithstanding the inclemency of the weather, was well attended, the hall being filled to the fullest capacity and those who were fortunate enough to be there were amply repaid, as the program arranged for the occasion was one of the highest order and reflects great credit and praise upon those who took part in the rendition.

The recitation by Mrs. Mabel Jeffords was a fine selection and being well rendered, elicited a fair share of applause. The address of Mrs. Lucretia Willard, Treat was read in earnest, her object being worthy the consideration of all thinking people, but the shortness of time allotted to her necessitated the condensing of her address to fit the program, which she received by an appreciative audience.

We would not forget, while speaking of the meeting, to refer to the Good Templars' choir and of their untiring efforts in discouraging such strains of music, which were heard at the afternoon Gospel temperance meetings.

GRAVEL ROAD NEGOTIATIONS. The Reed's Lake Company Sets a Good Price on Their Property. Nearly thirty citizens interested in the purchase of the Lake avenue toll road met Saturday night at the Congress street school house, expecting to hear the reports of various committees appointed at the last meeting. None of the city officials were present and the first business transacted was the reading of the report of the committee appointed to get a proposition for the purchase of the road. The company asked \$15,000 for their interest in the city and \$5,000 for the balance of the road to Reed's Lake. Chairman Hall, in the absence of the committee appointed to solicit subscriptions and confer with the residents of the village of East Grand Rapids, stated that he had talked with the mayor, Mr. Barber, upon the subject, and no financial aid could be expected from the village as the opening of Wealthy avenue and Sherman streets with the electric road would afford them all of the facilities desired to reach the city without using the gravel road.

The chairman then appointed the following committee to solicit subscriptions for the purchase of the road: J. E. Fortin, chairman, J. O. Morris, John Hosken, W. D. Norton, Smedley Hoytman, M. W. Gibbs, H. H. Amesley, Fred Cross, Martin Van Westendorp, E. A. Fletcher, Wm. Nesbitt and George Owing.

The present horrible condition of Cherry street from East street to Lake avenue was the subject of many sarcastic remarks. Nothing will be done to it by the city because it is a part of the toll road. The gravel road company claims the street already owned and agreed to place the road in the same condition it was when it was torn up for the tracks, and the street railway company says it did not make any such agreement, and threw the matter aside.

Mr. Hoytman suggested that a proposition be made to the council that if the city would purchase the gravel road, the water mains to Wealthy avenue, the property owners will pave the road and the street railway company will do so with general approval and a resolution to this effect was adopted. H. H. Amesley, Smedley Hoytman, J. H. Fortin, Fred Cross, Martin Van Westendorp, E. A. Gunn, David E. Uhl, John S. Lawrence and Rowland Lowe.

The Bachelors' Ball. The bachelors' ball at Hartman's hall tonight will be in all respects a brilliant affair. The evening's festivities will open with a reception at an early hour, and the ladies will find that instead of being entertainers they will have to submit to the ordeal of being guests of the gentlemen. The hall is handsomely decorated for the occasion, and an orchestra of fifteen pieces will furnish music and the following gentlemen who give the party will attend to the collection of their guests: J. H. P. Hughton, Col. E. Crofton, Edw. Charles Fox, John McQuay, Charles McQueen, Charles S. Wilcox, D. O. P. Huzarth, John A. Covode, Robert A. Barnard, R. W. Griswold, John Seymour, Edward G. Cobb, James M. Crosby, A. B. Nowell, Percy T. Cook, J. H. K. Bergman, W. H. McBride, J. Francis Campbell, W. A. Gunn, David E. Uhl, John S. Lawrence and Rowland Lowe.

Mrs. MARGARET A. EMMOS invites all ladies in Grand Rapids, who are suffering from chronic nervous ailments, exhaustion of the nervous forces, and all kinds of ailments, to call on her at her residence, 155 Barclay street, where she is prepared to give them her treatments, which are highly commended by other bathers, together with massage, traction, salt glow, fomentation, hot and cold packs applied to the nerve centers. She also has a fine battery with which she applies electricity scientifically. Her system is highly commended by many prominent physicians, and in no wise interferes with their treatment.

THERE IS MUSIC IN THE AIR

Down! Left! Right! Up! All Ready! Sing!

The Above is the Key to Success.

Our musical programme for Spring is all ready. All songs commenced at this season of the year continue until Jan. 1, '93. With the exception of a "Semi-verse Rest" on every seventh day we shall furnish daily the balance of the year pleasing, interesting harmonious music. We may at intervals run at high pressure, using the "Fortissimo Stop," but a good entertainment can always be depended on and we shall never get out of tune.

F. B. WINEGAR, First Tenor, Leader and Manager of the Choir. A brief recitation on the "Gentleness of Spring" and its near approach is followed by a tenor solo describing his different departments. Tenor because the goods are of high order; Solo because the prices are SO LOW.

The favorite song of the members of the WINEGAR FURNITURE CO. is "Tramp, Tramp, the Boys are Marching" and the faster they march the better they sing.

Tell me, ye winged winds, That around my pathway bluster, Do ye know some spot Where weary men may cluster, Where houses are not closed, No stove pipe there to fit, And avoid the tempter's snare To wear a little bit, The lead winds whistled, And blew into my face, And seemed to sigh for pity as they Answered, "Nary a place."
