SHOT DEAD IN COURT.

Terrible Tragedy in a New York Court Room.

A Boy Kills the Man Who Pleaded Guilty to Be Trying His Sister.

New York, June 27.—A big crowd of loungers who had come to enjoy the wild excitement of an arson trial saw murder done in the Court of General Sessions today.

In sight of the judge, the jury and the crowd, a young man, a cripple said to be half-witted, shot down a man who had just pleaded guilty of assaulting his sister.

He shot the prisoner from his pocket among the spectators as the court officers led him to the pen. His act was true. The bullet struck the betrayer over the heart and he fell from the grasp of the policeman almost before they realized what had happened and fell dead at the feet of the court.

In the wild confusion that followed a juror faints. The judge hammered vainly on his desk calling for order.

Up among the benches the policeman were scrambling to get to the floor before the body of his victim had ceased to throbb.

Other policemen ran in from the hall and the court room was cleared. An ambulance was sent for the doctor, who was summoned, and before the body of his victim had ceased to throbb.

FOURMAN IS SULKY.

He Does Not Like Cleveland Nor the Free Trade Platform.

BALTIMORE, Md., June 27.—Senator Gorman's attitude in the convention is the absorbing topic in political circles throughout Maryland.

One of them said today that the senator would not give Cleveland any assistance in the campaign, that he was not only opposed to the man, but to his platform.

George M. Uphur, ex-speaker of the Maryland delegates, who uttered the words, made the following explanation of the nomination.

With little or no new, Uphur, requested some of the Maryland delegates to vote for him.

Uphur stated that he was not in precisely the same position he was in at the convention of 1914.

ROOM IN THE COUNCIL.

A Long, Dry Session of the City Council.

Several Matters of Public Interest and a Lot of Tedious Routine.

A full delegation of aldermen was present at last night's regular session of the council which was ragged to order at the usual time by the mayor.

The proceedings were so dry that you could almost hear them crack and the motions and resolutions seemed to stick in the throat.

The mayor favored the motion that the machine needed oiling. The moist weather seemed to have a very depressing effect on all present and many of the aldermen were yawning.

Several matters of public interest and a lot of tedious routine were taken up and disposed of in a very few minutes.

The council then adjourned until the next meeting.

MORE CARES NEEDED.

A Kick From People Who Visit John Ball Park.

Many complaints have been registered concerning the street car service to John Ball park on Sundays.

The company is censured for not extending the track to the base of the bluffs and it is claimed that the number of cars used is insufficient.

The fact that the street car is not graded is used as an excuse for not extending the track, but such an obstacle did not prevent the building of a new line to the lake.

SHANK HAS LEVANTED.

He Was Afraid to Face a Trial.

A Bench Warrant Issued for His Arrest and He Will Be Hunted Up.

Quarter Master Shank, of the Soldiers' Home, is missing.

He has not been seen at the home or about the city for a week, and it is believed that he has run away to escape trial on the charge of feeding the veterans clamorously instead of better.

The explanation of the bench warrant was that he had taken place in Justice Westfall's court yesterday morning, having been adjourned from time to time at the request of the defendant.

No bail was required of him and he was allowed his liberty on his personal recognizance.

Yesterday his recognizance was estranged and a warrant issued for his arrest.

A deputy sheriff was charged with the duty of arresting him, but he could not find him and to all questions asked about his whereabouts, the answer was, "I don't know, he has not been around for a week."

Prosecutor Attorney McKnight was seen and when asked what he was going to try to do, he said he did not know, as he understood that Shank had fled to Canada and that all efforts to locate him had failed.

He said he was a pretty mean business for a man when released on his promise to violate the condition imposed in him.

"But," he said confidently, "I will have him in a week or so. He thinks that by staying away Griffin will leave the city and that there will be a deputy sheriff who will find him."

He said he was a pretty mean business for a man when released on his promise to violate the condition imposed in him.

POSSIBILITY AND FAILURE.

It is considered that with a strong candidate the People's party is almost certain to prevent Cleveland or Harrison from getting a majority in the electoral college. In that case it is certain no choice of either would be made there.

The People's party candidate may be chosen there as the second choice of the Republican electors, or at least enough of them to elect him. But if the election should go into the house of representatives who would be elected?

It would require a majority of the delegation in twenty-three states who would cast twenty-three votes to elect Mr. Cleveland president. As the states now stand divided on the line of Democratic Republican and Farmers Alliance, Cleveland would have twenty-seven votes, Harrison fifteen and the Omaha nominees two.

The states with Democratic delegations are as follows: Alabama, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Indiana, Iowa, Kentucky, Louisiana, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, North Carolina, New Jersey, New York, Ohio, South Carolina, Tennessee, Texas, Virginia, West Virginia, Wisconsin—27.

The states with Republican delegations are: California, Colorado, Idaho, Minnesota, Montana, Nevada, New Hampshire, North Dakota, Oregon, Pennsylvania, Rhode Island, South Dakota, Vermont, Washington, Wyoming—15. The Alliance states are Kansas and Nebraska.

Of these fifteen Republican states the People's party would be sure to get the five river states, thus swelling its vote to seven. If five of the Democratic delegations should be found to contain a majority in favor of free silver, they would join the Republican silver states and the vote would be for the People's party men and thus defeat Cleveland's re-election and force a new election next year.

It is certainly more than remarkable, it is ominous, that Senator Hill refuses to express himself on Cleveland's nomination. Even General Sikes, bitter as he was against Cleveland, consented to say he would vote for Cleveland. Nearly all the prominent New York men in the delegation submitted to the unavoidable, inevitable and irrefutable spoke up for the cause of the "People's Democracy," but Governor Hill is an exception. He refuses to say anything. What does it mean? Is he going to support the nominee of the Omaha convention?

Senator Hill's attitude may be a sign of trouble to the Cleveland Democracy. A talk of copperheadism against Mr. Stevenson and his rebel sympathies are entirely out of place at this time. Mr. Stevenson is just as loyal and patriotic today as William B. Egan was far more the friend of the working classes. But it would be well for the Democrats to drop the title of "General" given Mr. Stevenson if they do not want his war record brought up.

Mr. HARRISON'S diplomatic service is having another scandal, this time in Paris. When the various little scandals that have attached themselves to this administration, are considered, from Tanner down to this little unknown military attaché, it makes one think Republicans are so busy with the Democrats in office hardly as well behaved in office.

It is not likely Chicago will have the honor and profit of entertaining another national convention. The Democrats, who put up the last wigwag disgraced the garden city and humiliated their party by their cheap arrangements.

A MILITARY attaché to the suits of an American minister abroad is a thing of no new invention and is one of the best devices to increase deadheadism in our foreign service and increase the taxes at home.

The size and spirit of the Omaha convention is going to give certain proof that the People's party is a big body and growing.

Since 1850 the Democrats have never recognized the soldier element on their national tickets. It's to their discredit.

THE PEOPLE'S PARTY. A Claim That They Can Pull Over 6,000,000 Votes.

St. Louis, June 27.—H. E. Taubeneck, the chairman of the People's party national executive committee, was seen today at the committee's headquarters in this city and questioned regarding the party's prospects. Said he: "You can rest assured that our national convention will be a big concern. It will be a deliberative body not influenced by federal office-holders or those who expect federal offices."

Regarding the platforms adopted at Minneapolis and Chicago, Mr. Taubeneck said that so far as he could see they were with the exception of the tariff plank, identical. As to the attitude the silver-producing states would probably take during the coming campaign, Mr. Taubeneck stated: "From the correspondence I am receiving, especially from Colorado, they say that neither Harrison nor Cleveland can poll over 5 per cent of their respective party votes. That holds true in every other state except Colorado has 40,000 voters enrolled in their silver clubs. Every one is pledged to vote for the party unless they favor free and unlimited coinage of silver and my opinion is that these people mean just exactly what they say. The Democratic delegates from Colorado at the Chicago convention are pledged to support the Democrats for Colorado. I think it will declare both the nominee and platform at Chicago as the Democratic, republican and elect delegates to confer with the People's party at Omaha."

"They will also call on every silver state to do the same, and I think it will be done. The executive committee of the Democratic League is now in session and from information I have they will declare both the party and platform to be anti-metallic and issue a call to the free silver clubs and the bi-metallic leagues to send delegates to Omaha and confer with the People's party. With the proper nominations and with a good platform we will sweep the South and the West. Everything south of the Ohio and everything west of the Mississippi river."

"What is the voting strength of your party and the different industrial organizations who took part in the February conference?" "There is not an easy task to get at because some of the organizations will admit members who are not eligible to vote, but from the best estimates made from the roll books of the different organizations last February we have about 6,000,000 and 7,000,000 voters that belong to the different organizations."

MORTGAGE SALE. The Sherman stock, the Canal street clothier and furrier, was sold at auction on Saturday morning, June 15, to the highest bidder. We were the lucky purchasers and having bought this well-selected stock at about 30c on the dollar, we are enabled to give the people of Grand Rapids and its western Michigan the benefit of our fortune deal. The already crowded condition of our own well-stocked store prevents us from disposing of these goods at our own sales-rooms. But what is placed in our hands in charge and beginning Wednesday morning, June 25, at the Sherman store, 127 Canal street, we will without reserve give the entire stock, amounting to about \$15,000, at enormously reduced prices. We are forced to dispose of the entire lot before July 5, when the lease of the store expires. We will sell: Suits, Sherman's price \$15, our price \$8. Pants, Sherman's price \$3, our price \$1.50. Shirts, Sherman's price 75 cents, our price 10 cents.

All goods will be sold at proportionately low prices. This great mortgage sale will be a picnic for the bargain loving people of Grand Rapids. Sale will begin Wednesday, June 25, at the Sherman store, 127 Canal street.

THE PERTINENT QUERY PUT BY REV. THOMAS DIXON, JR.

The Minister Speaks of His Libel Suit. He Discourses on the Woman of the Future and Adverts to the National Political Convention.

New York, June 28.—Today's service in connection with the last one in which the pastor, Rev. Thomas Dixon, Jr., officiates in New York until the first Sunday in September, Mr. Dixon will preach at various Chautauqua assemblies during July and August.

His review of the facts underlying this case is made. I have been often asked where I get my sermons. Sometimes from the reading of the text in the Bible, sometimes from the words of the fathers, sometimes from the words of the poets, sometimes from the words of the philosophers.

I have never spoken one word in this paper which would reflect on the character of any person, living or dead, male or female. I love man. I love woman. I love my country. I love my race. I love my religion. I love my God.

A few days ago Joseph Koch, Tammany excise commissioner, went before a Tammany police justice and swore that he was innocent of the charges against him in the review of May 29 were false and libelous.

The city government bids defiance to the moral sentiment of the community. It has made a man who has sworn to do his duty as an excise commissioner, the biggest scoundrel of all the scoundrels in the city.

Now what are the simple facts in this matter? As a matter of fact, the review of May 29 was not a libel. There are two indictments now pending at this writing on the docket of our courts against him for misdemeanors.

The charges against him are: 1. That he had conspired with the mayor and the police to suppress the review of May 29. 2. That he had conspired with the mayor and the police to suppress the review of May 29.

Now what were the charges against him? The charges against him were: 1. That he had conspired with the mayor and the police to suppress the review of May 29. 2. That he had conspired with the mayor and the police to suppress the review of May 29.

Now what were the charges against him? The charges against him were: 1. That he had conspired with the mayor and the police to suppress the review of May 29. 2. That he had conspired with the mayor and the police to suppress the review of May 29.

Now what were the charges against him? The charges against him were: 1. That he had conspired with the mayor and the police to suppress the review of May 29. 2. That he had conspired with the mayor and the police to suppress the review of May 29.

Now what were the charges against him? The charges against him were: 1. That he had conspired with the mayor and the police to suppress the review of May 29. 2. That he had conspired with the mayor and the police to suppress the review of May 29.

How a man who has been devoting his time during the past two years to analyzing out of court under contemptible and unblushing newsprint, during the face a jury on the infamous charge of having "willingly and designedly" violated the law he had sworn to enforce.

They concentrate their thoughts on the absent loved ones, with their enterprise and keep the fire alive burning. They are not on the ground of brutal want, but on the ground of the love of life. They are not on the ground of the love of life, but on the ground of the love of life.

Mr. Beecher tells of a woman who had married a poor man, and who had lived with him for many years. She had borne him many children, and she had been a good mother and a good wife. She had been a good mother and a good wife.

I heard of one woman the other day who managed to treat with a man on equal footing. I could not help but admire her. She had been a good mother and a good wife. She had been a good mother and a good wife.

Let us accord to woman her just rights, and let us recognize that she is equal to man in all respects. Let us accord to woman her just rights, and let us recognize that she is equal to man in all respects.

Coming to the Front.

A representative of this paper was very much surprised yesterday on going to the Buffalo Clothing Company. Everything in front looked so neat and attractive that we stopped to investigate. They had just finished unloading their new line of goods, and display a more neat and attractive display of spring and summer goods than we have ever seen. The goods are all new, clean, and are the latest styles. Mr. Himmels had just returned from the East, where he has bought very largely for spot cash and at a great discount. In fact and sack suits never before shown in this part, which are perfect in every respect.

We were informed that they proposed to make a great sale of those goods from now until after the Fourth of July as they do not propose to carry them. They have already sold them to some extent on everything and any one who contemplates buying a suit of clothes, a pair of trousers, a pair of shoes, or anything else, had better get it now before they close their doors for the season. The goods are all new, clean, and are the latest styles. Mr. Himmels had just returned from the East, where he has bought very largely for spot cash and at a great discount. In fact and sack suits never before shown in this part, which are perfect in every respect.
